QA Notes: Client is good but a bit skeptical, he is straight forward so deal accordingly. We have to provide him a webpage Sample: <https://ez-appliance-repair-los-angeles.ueniweb.com/#services> in which total amount is \$400 \$150 initial and remaining \$250 will be delivered within 5-6 business days as per clients demand. Emma was in conversation with him on different lines the sale call number and texting number was different and the number he wants on webpage is also different.
