QA Department Notes:

Client is nice and understanding. He is already registered on Google but doesn't have a website. Oscar quoted \$250 for his listing optimization. Oscar committed one landing page (free) under the same budget so we have to create a landing page for his business. Landing page will be delivered within 4-5 working days. Michael took over the call. Michael told him to give at least three months to this campaign to see great results. He is looking for good results so we have to perform well to make him our permanent client.
